Fine Foods of Ayrshire

Taste the
AYRSHIRE
Tradition

*Producing Quality Pork and Bacon
in Ayrshire Since 1870*

THE ROBERTSON'S DIFFERENCE

Based in Ayrshire, Robertson's Fine Foods continues our family legacy of producing the highest quality Scottish pork and bacon since 1870. Today, we're proud to be the leading producer and supplier of 100% Scottish, fully-traceable pork and bacon to Scotland's independent retail sector, as well as holding a full export licence.

Whether you're a butcher, delicatessen, wholeseller, restaurant, or hotel buyer (local, or international), we can supply an extensive range of produce.

PORK WITH PROVENANCE

Today, our family business is the county's only remaining commercial producer of authentic Ayrshire bacon. Whether you require primal cuts of pork and bacon, manufactured, sliced, and cooked products, the Robertson's team will deliver quality and service worthy of the Robertson's family name. We also carry an extensive range of non-Scottish pork bacon and tinned meats to further meet the requirements of our customers.

QUALITY UNDERPINS OUR OPERATION

As a member of the QMS Assurance Scheme, we hold a 'Farm Assured from Scotland' badge and all our meat is SSPCA-Assured. We operate from our two custom-built processing and smoking facilities in Ardrossan and Irvine; BRC A and AA rated.

With traceability from farm through to processing and packaging, our team has full control, allowing us to maintain the high standards our reputation is founded on, and to forge longstanding partnerships with our customers.

FAMOUS QUALITY SAUSAGES & PUDDINGS

What goes into making our famously fantastic sausages?

It's simple – top quality, wholesome cuts of pork with a natural balance of pork trim to lean meat.

Every Robertson's sausage contains a minimum 65% pork meat; each is prepared to our historic recipe, ensuring the succulence and full flavour that have made our sausages famous.

Product	Approx' Weight	Additional Info

FRESH PORK

Our fresh pork and bacon holds special status. We source our pigs exclusively from Scottish farms, where the pigs are born, reared and cared for in strict accordance with responsible farming practices. In addition, we also offer a range of UK and EU pork products to further meet the needs of our customers and their pricing structures.

The Robertson’s range encapsulates a huge variety of Scottish pork cuts and products. What’s more, we have the flexibility to honour special requests and short delivery times – that’s why butchers and chefs across the land insist on Robertson’s pork.

TRADITIONAL BACON CUTS

Who better to source your traditional bacon cuts from, than a thoroughly Scottish company built on tradition?

We've perfected our preparation methods for many decades, and offer a range of cure and cuts including our own-cured product, smoked and unsmoked varieties. Alongside the nation's only genuine Ayrshire bacon selection, you'll also find classic Dutch Van Der Mey and Danish bacon varieties.

ROBERTSON'S

Fine Foods of Ayrshire

John Robertson

Robert Spier

John Spier

Lionel Denis

Humphrey

Founded by John Robertson, the Robertson's family have been in the business of producing quality Scottish pork from their Ayrshire home since 1870.

Involved in the company since they were young, current company directors and cousins, Iain and Humphrey, are the fourth generation to inherit the mantle as Ayrshire's finest pork and bacon producers.

Both cousins have brought knowledge and invaluable experience from time in other industry roles; skills that allow them to uphold the tradition of putting consumer needs at the heart of our business.

Having dedicated their careers to ensuring the Robertson's family name continues proudly in the industry as one renowned for quality and service, Iain and Humphrey are followed into the business by Gareth and Barry.

With a fifth generation on board to continue the Robertson's legacy, a strong sense of family is still felt throughout our business by, employees, suppliers and customers alike.
